Dagger, lets go, ok oohh

Verse 1

Ey yo! Daddy called me in the corner, want me to get it on
Ghetto girl see me when I moved on
I rather see a light get the city on
Travellin from new York to Houston

I'm from Africa
Call me "Mr villageois"
Ridin through the forest line
...aka "parakois"
Don't wanna mary Jane
But I've got some good JAM
Family understand yep!
I do it for my band
Let me see my niggaz jam
That's why here I m standing
I wanna live my life in studio
Everytime I gotta ride, I get in stereo
Picture me rolling
Satisfy all in
When I come in, everybody love me
Love, smile, all we need to survive
And U know all ya money can't buy me.....

Chorus:

It's like I stepped another planet, yeah
Maybe I'm dreaming
Call neighbor to wake me up, strictly
I'm sure I'm dreaming , yeah
It's like I stepped another planet, yeah
Maybe I'm dreaming
Call neighbor to wake me up, quickly
I'm sure I'm dreaming , yeah

Verse2

I waiting for somebody I don't know hey!
Angel I see say go ahead
Flying through the sky what a good day!
I heard song like youpi yeye!!
Thug mansion in the paradise
Where niggaz never never told you lies
Fuck the old days where we never rise
Am I so confused to analyse it
Im dreamin im' dreaming
Maybe im dreaming maybe im dreamnin
Im dreamin im' dreaming
Maybe im dreaming maybe im dreamnin
(wake me up)

Chorus:

It's like I stepped another planet, yeah
Maybe I'm dreaming
Call neighbor to wake me up, strictly
I'm sure I'm dreaming , yeah

It's like I stepped another planet, yeah
Maybe I'm dreaming
Call neighbor to wake me up, quickly
I'm sure I'm dreaming , yeah

ONE DAY feat Nick (prod by Dagger)

Chorus Dagger

It's all about you, it's all about me
There we'll leave all , one day
What goes up come around ,
you'd better recognize the truth never trust in money
Nigga please believe me
You ain't got the right to harm ya baba
You ain't the right to kill ya mama
Nigga'd better recognize the truth never trust in money

Verse1 dagger

They say im a stupid, My life s so stupid
The game I loose it,Dancing like a occhie
The good I can't cook it,
That I come from the gutter
and my girl they can snoop it
Everything they say is bullshit
How can I prove it
The blackout
Feeling sky on head you just drop out
Test somebody in fighting you've come to the knock out
-knock out
People kill ya vibe but you got trust in men not in animals

-----Nick-----

cause mentally those things live in different worlds
as you can see me,don't act in, we got different brains

Dagger

Where is ya brain?, you got light inside
Don't believe in men, but the power inside

Chorus Dagger

Verse Nick:

One day, one day, one day you'll be
Smiling to life and smiling to me
You'll be taking all the things as they have to be
You'll be in the perfect mood to tell me hey !! be me !! Yup
Each thing comes at the right time
All the numbers use to go from zero to nine
It's the real movie, it's just a matter of time
Everyday's a different color in ya lifetime Hey !!
Niggas please believe me
Step comes after step, hand comes after brain
There's no short path to happiness
Too big is the bad road, straight to the madness
Some people think a lot about money and good life
Less people meaned they'd get well married to a good wife
Nothing is so good or so bad for a human being
E'rything is so hood and so mad for a hustler Yeah
What Kind of question you're used to ask yourself ?
When will it be good ? when will i live well ?

------(Dagger bridge)-----

How many times you lie to
Ya People like Juda do
Can you convince me that ya home would be peaceful,?
-----Nick---
Ahah What kind of question you're used to ask yourself?
Yes !! to ask yourself. Yeah
Niggas please belive me
One day, one day you'll be able to hear me. Hahaaa !!

Chorus Nick

It's all about you, it's all about me
There we'll leave for , one day
What goes up comes around ,
you'd better understand the truth never trust in money
Nigga please believe me
You ain't got the right to harm ya brother
You a'int the right to kill ya sister
Nigga'd better recognize the truth never trust in money

Chorus Dagger

It's all about you, it's all about me
There we'll leave all , one day
What goes up comes around ,
you'd better recognize the truth never trust in money
Nigga please believe me
You ain't got the right to harm ya baba
You a'int the right to kill ya mama
Nigga'd better recognize the truth never trust in money

Chorus

Et ils t'ont chassé du ciel
Et tu t'es précipité sur les humains pour te venger
Et ils t'ont chassé du ciel
Et tu t'es précipité sur les humains pour te venger

Dagger Verse 1

Personne n'a compris comment tu as fait/
pour devenir aussi con/
Un jour tu t'es dit qu'on devait aussi t'adorer
Qui sait comment t'a fait pour perdre l'amitié de GABRIEL
Et pourtant, ils t'aimaient eux tous
Et avaient beaucoup confiance en toi
Un jour t'a déclaré qu'il n'y avait pas de Dieu ni en toi,
ni au Paradis
Et tu as contesté les lois établies au point de
saboter la mission de MICHAEL

VKN Verse1

Viens viens que je te dise quelque chose
Tu n'as pas encore ce qu'il faut pour mériter la couronne
De notre frère aîné MICHAEL très classe
Il est Amour et a beaucoup de respect pour notre PERE
qui donne sa paix à tout ce qui existe
On a dit Vivons ensemble dans l'amour et le respect
mais t'a préféré faire la pagaille et devenir
le grand serpent

-----Chorus---

Dagger Verse 2

Qui sait comment t'a fait pour perdre l'amitié de l'Homme?
Dagger et VKN te demandent cela, Monsieur le con
Tu as refusé la réglementation de Dieu
Au point de saboter la Mission de Michael
Et pourtant il t'a offert le pardon
Que tu as refusé – tu as refusé et refusé
Que peuvent-ils encore faire de plus pour te sauver ?
Tu as refusé encore et encore

VKN Verse2

Tu as formé équipe avec SATAN et CALIGASTIA
Et vous dites nous, enfants du Père, allons souffrir
Jusqu'à te servir comme on le fait au Père riche en million
de milliard d'amour
Lucifer, le grand frère GABRIEL a fini avec toi
Colle nous la paix, c'est au pouvoir de l'amour que
ton souffle tic tac est accroché
Nous, nous n'allons pas nous perdre, car Christ Michael
est Roi
La souffrance ne va pas amener un bon enfant du Père
à adorer le Diable.

--Chorus--

VKN BRIDGE

Un enfant de Dieu nommé Lucifer a voulu devenir chef dans les cieux
Un enfant de Dieu nommé Lucifer a voulu régner dans les cieux
Qu'il ne s'approche pas de nous, qu'il ne cherche pas nos affaires
car il aura à faire à Michael, il aura à faire à Gabriel...

-----Chorus---

Freedom feat DemePrimo

I've just escaped from a prison
Now I m alive
Don't really really know the reason
Now I can feel the wind
I can feel the sun
It's a sweet freedom
Even I still remind
Don't deserve the dark, even I'm black
Red blood still blowing in my vain now 'I'm locked
Don't wanna loose my mind
That's why I had to try my chance to get away
Seing my kids growing
Feeling my wife lovin
It's a freedom it's a freedom
Seing my kids growing
Feeling my wife lovin
It's a freedom it's a freedom

Bridge

Mama told me she keep praying for good days
Humans all still waiting for better days better days

Cause everywhere people 's crying for hard days

We looking for freedom
can you show us the way to come to love, to come to love

Verse DemePrimo

I used to struggle in my life
Got a lot problems then I can't deny
Opportunities so far from me
Projects don't come I'm about to leave
I looking for a goal
Try to my best for my family

Can you hear me away
Don't you feel my pain?
Sometimes I feel in love
Come and set me free (yayaya yayaya)

Human VS Nature feat Muleros & Dragco

Verse Muleros

Au commencement étaient le ciel, la terre, la lune, le monde

Bref, au commencement était l'univers

Et tout allait pépère, à l'aise Jusqu'au jour où

L'homme, l'éternel insatisfait,

fit son apparition le mot humain - rime avec

Gaspillage-On prend plaisir à tout gaspiller

sans aucun état d'âme, ouais ;

triste réalité car l'univers tend vers sa fin

le monde tourne à l'envers

mais nous en sommes pour quelque chose

j'ai vu des villes toutes entières emportées

par des érosions côtières

Un pays tout entier secoué

par des tremblements de terre

La nature nous montre qu'elle ne peut

être défiée

mais on s'entête, on s'entête.

Ahahah

It's like in a game

Human vs Nature

Who gonna win

Wait and see ahaha

chorus Dagger

Yeah yeah

And human destroy everything

So then I wanna refuse my name

Will we keep on liv'on this way, what you say?

Na-na- Na

Industries still abuse the nature

And it's for the poor to carry the can

Do you wanna keep on liv'on this way

Verse Dragco

A quoi ça sert d'exploiter nos ressources

Pour détruire le monde que Dieu nous a donné

J'ai vu des frères se retrouver sans abris à cause

de l'érosion côtière

A Vivre les tsunamis, les cyclones,

destruction couche d'ozone

Que de parler d'émissions des gaz à effets de serre

Où allons nous ? vivons-nous les derniers jours ?

Je me demande ça

A voir la nature qui se lève contre nous,

réfléchissons donc un peu

Prenons donc conscience du mal , man ça m'effraie

Car la nature est décidée à nous envoyer sous terre

Allons-nous continuer à polluer la nature de la sorte

Allons-nous continuer à ignorer les colères de la nature

toutes ces catastrophes naturelles

eh bein moi je pense qu'il est grand temps qu'on change

de comportement

pour un avenir meilleur, ah oui pour un avenir meilleur

Na-na- Na

Industries still abuse the nature

And it's for the poor to carry the can

Do you wanna keep on? livin on this way

chorus

Ahahah yeah

Its like in a game

Human vs Nature

Who gonna win

ahaha

Wait and see , yeah

Wait and see.
